

ALBERT KRIAN D. NAING

Computer Science Student

09686172063 albertnaing22@gmail P3 Brgy 1 Daet Camarines Norte

ABOUT ME

Computer Science student who enjoys solving problems and learning how things work. My interest in analytical thinking began through activities such as chess and Rubik's Cube, which helped develop my patience, logical thinking, and persistence. I am currently developing my skills in data analysis, SQL, MySQL, and Excel through academic projects and online training. I am seeking a practicum opportunity where I can apply what I have learned and gain practical experience in data analysis.

EDUCATION

2024 - Present
Bachelor of Science in
Computer Science
Mabini Colleges Inc.

2022 - 2024
